ASSOCIATION & SOCIETY MEETING DATES

Meet your new Division Director

Jane Rackers was recently appointed as the new Director of the Division and has been confirmed by the Senate. Jane is no stranger to the Division. She is an attorney and joined the Attorney General's office in 1990 after four years in private practice. Jane's first assignment at the AGO was to serve as general counsel to the Real Estate Commission. Throughout the last 18 years, she has worked with the boards in various capacities, most recently serving as Chief Counsel of the Governmental Affairs Division, which provides representation to the boards.

Meetings & Exams

ASBOG National Examination Dates

Spring 2010 - Friday, March 5, 2010

Registration Deadline: January 2, 2010

Fall 2010 - Friday, October 1, 2010

Registration Deadline: August 4, 2010

Fundamentals of Geology

8:00 a.m. until 12:00 noon

Principles of Geology

1:00 a.m. until 5:00 p.m.

Board of Geologist Registration Future Meeting Dates

November 17, 2009
NWMSU
Maryville, MO

2010 Meeting Dates

February 10, 2010: Jefferson City, MO
April 27, 2010: Jefferson City, MO
August 24, 2010: Jefferson City, MO
November 17, 2010: Jefferson City, MO

Governor

The Honorable Jeremiah W. (Jay) Nixon

Changes in Missouri law that affect your next renewal

Income tax

This law has been on the books for several years now, but a reminder is always a benefit. The Missouri Board of Geologist Registration is required to give your Social Security Number to the Department of Revenue before granting a new license or a renewal. If you are an existing licensee, your SSN will be provided to the DOR approximately 30 days before your renewal. The DOR will determine if you owe any back income taxes or if you've failed to file an income tax return in the past three years. If so, you will be notified. You will have 90 days from that notification to take care of the tax liability or your license will be suspended until you are in compliance. If you are applying for a new license, your SSN will be given to the DOR within 30 days of your application. If you are not in compliance, your application will not be considered until you are in compliance. The current requirements became effective with the passage of House Bill 978 (2004). You may recall that House Bill 600, passed in 2003, required revocation for non-compliance. The law was changed in 2004 to require suspension. The law is section 324.010 RSMo.

New Board Member appointment

Gary J. Pendergrass, RG, PE

New Board Member

Gary Pendergrass is a Registered Geologist and Registered Professional Engineer with over thirty years of experience in management of major engineering and environmental projects. Mr. Pendergrass is an expert in site investigation and remediation, environmental management, and environmental public relations, and

has a wealth of successful experience in regulatory negotiations and environmental litigation.

Mr. Pendergrass currently serves as Manager of Environmental Compliance with City Utilities of Springfield, MO, and previously served the utility as Assistant to the Manager of Engineering and Planning. Gary rejoined the utility after retirement from Syntex Corporation, where he served as President of Agribusiness Technologies, Inc. During his association with Syntex, Mr. Pendergrass completed major hazardous waste cleanups at the Syntex Agribusiness, Inc. Springfield (MO) and Verona (MO) plant sites and, most recently, headed up the Eastern Missouri Dioxin Project, a nationally-recognized hazardous waste cleanup project involving 29 dioxin-contaminated sites, including Times Beach. The Eastern Missouri Dioxin Project is the largest hazardous waste cleanup project ever completed in EPA Region VII, and one of the largest in the nation. The "mixed work" settlement agreement negotiated by Mr. Pendergrass for the Eastern Missouri Dioxin Project was termed a "model for the nation" by EPA. During his association with City Utilities, Mr. Pendergrass has completed a number of projects involving dam inspection and rehabilitation, landfill design and construction, coal sourcing and supply, and water resource development; and is cur-

rently managing a federally-funded research project to evaluate the feasibility of carbon capture and sequestration (CCS) in the state of Missouri. As a private consultant, Mr. Pendergrass has also provided litigation support and expert testimony on issues such as soil and groundwater contamination, foundation failure, ground movement, groundwater depletion, karst geology, blasting damage, and construction techniques/commercial terms.

Mr. Pendergrass holds Bachelor of Science Degrees in Engineering Geology and Stratigraphy from Missouri State University, and both Bachelor of Science and Master of Science Degrees in Geological Engineering from the University of Missouri – Rolla. He has served on the Boards of Directors of Syntex Agribusiness, Inc. and Agribusiness Technologies, Inc., in addition to public service on the Missouri Air Conservation Commission, Springfield/Greene County (MO) Environmental Advisory Board, Watershed Committee of the Ozarks, Valley Water Mill Task Force, and Springfield/Greene County Vision 20/20 Workgroup. Gary has been featured in MSM Alumnus (a quarterly publication of the University of Missouri – Rolla), and his work on the Eastern Missouri Dioxin Project has received national recognition from Renew America and the National Awards Council for Environmental Sustainability, as well as the Keep America Beautiful National Awards Campaign.

Gary is married and has two sons. His wife, Anita, is a Medical Transcriptionist with Mattax Neu Prater Eye Center in Springfield, MO. His older son, Ben, is a Civil Engineer with Olsson Associates in Overland Park, KS and his younger son, Matt, is an Account Executive with Datacore Marketing in Westwood, KS.

MISSOURI STATE GEOLOGIST, DIVISION OF GEOLOGY AND LAND SURVEY DIRECTOR
AND MISSOURI BOARD OF GEOLOGIST REGISTRATION EX OFFICIO MEMBER

Mimi R. Garstang Retires

A career spanning more than 27 years

Missouri native Mimi Garstang began her career with the Missouri Department of Natural Resources' Division of Geology and Land Survey in 1979. Much of Mimi's early career with the division involved work in the Environmental Geology Section of the Geological Survey Program. Prior, she earned a comprehensive Bachelor of Science Degree in Geology in 1972, from Southwest Missouri State University.

As unit chief of geologists that evaluated the geology and hydrology of hazardous waste sites in Missouri, she faced some of the most rewarding challenges of her career. Mimi was the lead geologist in characterizing dioxin contamination at the infamous Times Beach and multiple sites in Missouri where both groundwater and soils were contaminated with radioactive material from the Manhattan Project legacy.

Unit Chief

As unit chief of geologists that evaluated the geology and hydrology of hazardous waste sites in Missouri, she faced some of the most rewarding challenges of her career. Mimi was the lead geologist in characterizing dioxin contamination at the infamous Times Beach and multiple sites in Missouri where both groundwater and soils were contaminated with radioactive material from the Manhattan Project legacy.

Deputy Division Director

For six years, beginning in 1994, Mimi served as the Division's Deputy Director and for two years, she served as interim lead for the Water Resources Program. In this capacity, Mimi was the Governor's representative regarding interstate river issues.

She was also a delegate to both the Upper Mississippi River Basin Association and the Missouri River Basin Association where water politics has greatly influenced the management of these two great river systems.

At a dinner reception in Rolla, MO on July 25, 2008 retiring State Geologist, Mimi Garstang unassumingly accepted a well deserved recognition for her 8 years of robust service to the Missouri Board of Geologist Registration and the citizens of Missouri.

Division Director

In June 2000, Mimi was appointed by the Governor as State Geologist and Division Director, the position from which she retired August 1, 2008.

Issues Affecting Missourians

As State Geologist and Division of Geology and Land Survey Director, Mimi has served on numerous national and state geologic and environmental-related committees and task forces regarding issues that have significant impact on the health, safety and welfare of Missourians.

State's Industrial Minerals

Mimi's work led to the creation of the Geologic Resources Fund and the Industrial Minerals Advisory Council by the Missouri legislature.

Variety of Assignments

Mimi had a wide variety of challenging work assignments that prepared her

for her job as State Geologist and Division Director. She focused on assisting Missouri's residents with a better understanding of Missouri as an advocate for the application of geologic knowledge and principles to real world problems. Mimi has often stated that she sincerely appreciates the honor of serving as Missouri's State Geologist, and that she feels very fortunate her hobby and personal interests both lie in her profession.

Major Milestones & Accomplishments

- Missouri's 18th State Geologist, Mimi is the first female to hold the position since the agency was created in 1853.
- In 2003, the division marked its 150th birthday with an open house. Visitors and dignitaries came from across the state. The Missouri Geologic Map was updated that year. It was Missouri's first digital version.
- Mimi served on the Missouri Well Installation Board, the Missouri Land Reclamation Commission, the Missouri Geologist Registration Board, the Oil and Gas Council, the Industrial Minerals Council and represented Missouri as a member of the Central United States Earthquake Consortium.
- At their 100th Anniversary meeting in June 2008, Mimi was voted into honorary membership of the American Association of State Geologists.
- Mimi was recently honored by Missouri First Lady Melanie Blunt during the inaugural First Lady Awards ceremony in the Business and Innovation category.

**The Missouri Board of Geologist Registration
thanks Mimi Garstang for her 8 years of extraordinary
service and congratulates her for an outstanding career in geology.
Missouri RGs will certainly miss her prowess and graceful way.**

Report from meetings of the Missouri Board of Geologist Registration

September 12, 2007 Board Meeting

- Heard a presentation from Mr. Joe Gillman, Director of Geological Survey Program
- Reviewed rules and amendments submitted to the Division
- Discussed upcoming meetings
- Third International Professional Geology Conference: September 21-25, 2008
- CLEAR Conference: September 06-07, 2007
- ASBOG Fall COE Workshop: October 24-25, 2007
- ASBOG Annual Meeting: October 26-27, 2007
- Heard report from AIPG
- Heard report by members attending the ASBOG Board of Director's Meeting
- Reviewed AIPG Core Curriculum
- Discussed the ASBOG Foundation
- Report from Executive Director

November 27, 2007 Board Meeting

- Reviewed rules and amendments submitted to the Division
- Discussed upcoming meetings
- Heard report from AIPG
- Heard report by members attending the ASBOG Board of Director's Meeting
- Reviewed AIPG Core Curriculum
- Discussed the ASBOG Foundation
- Report from Executive Director

February 13, 2008 Board Meeting

- Reviewed the changes of rules regarding geologist registration
- Discussed meetings attended by geology board members
- Heard a report from Mr. Guy Gilbert regarding the January 25-27, 2008 Federation Association of Regulatory Boards Conference in Santa Fe, New Mexico
- Discussed upcoming meetings
- Discussed the AIPG core curriculums and curriculums of various universities throughout Missouri
- Heard a report from Mr. John Bognar regarding the AIPG areas of practice document
- Report from Executive Director
- Discussed the proposal to increase from three to five years of experience needed for licensure
- Heard information about Senate Bill 877 – establishing a fund to encourage insurance companies to do business in Missouri
- Heard about the Dam Safety Bill
- Heard information regarding an increase in ASBOG fees effective the Fall of 2008 “Practice” testing

May 7, 2008 Board Meeting

- Discussed the Board of Geologist Registration rules pending update. Decided upon informing all registered geologists and those in the process by postcard of the changes
- Discussed meetings attended by geology board members
- ASBOG Spring COE, April 04-05, 2008 Cody, WY - Heard a report from Mr. Guy Gilbert and Dr. Don Warner regarding this meeting
- Discussed upcoming meetings
- Discussed the AIPG core curriculums and curriculums of various universities throughout Missouri
- Reviewed an update of the AIPG document – Joint task Force on Areas of Practice for Geologists and Civil Engineers
- Received a report from Executive Director

August 29, 2008 Board Meeting

- Discussed issues of reciprocity regarding non ASBOG states that are becoming ASBOG states
- Discussed issues of quorum and geologist board meetings, and having vacancies on the board filled
- Discussed the upcoming September 21-25, 2008 AIPG meeting in Flagstaff, AZ - Mr. Guy Gilbert will attend this meeting
- Discussed the ASBOG Fall COE November 6-7, 2008 in St. Charles, IL - Mr. John Bognar and Mr. Guy Gilbert will attend this meeting
- Discussed the ASBOG Annual Meeting November 8, 2008 in St. Charles, IL - Mr. John Bognar and Mr. Guy Gilbert will attend this meeting
- Discussed the proposed amendments to the ASBOG Charter and Bylaws
- Discussed the Joint Task Force on Area of Practice Document and noted that it had been sent to the executive boards of the AIPG, AEEG, and ASCE for review. JTFAF will address comments from the three boards, and then generate the final document
- It was noted that past board member Mimi Garstang received the James Hadley Williams Public Service Award at her recent retirement party
- Received a verbal report from the Executive Director

November 19, 2008 Board Meeting

- Discussed the September 21-25, 2008 AIPG meeting in Flagstaff, AZ - Mr. John Bognar and Mr. Guy Gilbert reported on this meeting
- Discussed the ASBOG Fall COE November 6-7, 2008 in St. Charles, IL - Mr. John Bognar and Mr. Guy Gilbert reported on this meeting
- Discussed the ASBOG Annual Meeting November 8, 2008 in St. Charles, IL - Mr. John Bognar and Mr. Guy Gilbert reported on this meeting
- Discussed proposed rule change regarding adding exam cancellation/book assessment fee
- Received an update from Mr. John Bognar on the AIPG Areas of Practice Document
- Discussed recruitment of test questions
- Received a verbal report from the Executive Director

January 29, 2009 Board Meeting

- Discussed the Rule report regarding 20 CSR 2145-1.010 General Organization and 20 CSR 2145-1.040 Fees and the Examination Rule
- Discussed submission of questions by college faculty to take to the ASBOG meeting in April, 2009
- Discussed the upcoming ASBOG meeting in Seattle, Washington. Guy Gilbert will attend from April 2-4, 2009 and Gary Pendergrass will try to attend
- Received a report from John Bognar regarding an update on the Joint Task Force's Area of Practice document. He reported the document is very close to being released
- Heard a report from representative John Bognar regarding the American Institute of Professional Geologists (AIPG)

(Report from meetings of the State Board of Geologists Registration...continued...)

- Heard the Executive Director's report regarding the Financial Statement and upcoming Geologist Board Meeting dates
- Reviewed an article regarding "Latest Leaks"
- Discussed 20 CSR 2145-2.030 Post-Baccalaureate Experience in Geology #1 and Statute 256.453 #10
- Discussed and replaced verbiage to the memorandum regarding attendance at meetings such as ASBOG

April 7, 2009 Board Meeting

- Reviewed the minutes of the January 29, 2008 meeting
- Reviewed and discussed the Rule 20 CSR 2145-2.030 Post-Baccalaureate Experience in Geology and approved rewording of said rule
- Reviewed and discussed Rule 20 CSR 2145-2.040 and approved rewording of said rule
- Heard reports regarding meetings attended by board member, Guy Gilbert at the ASBOG Spring COE Workshop on April 2-3 and the ASBOG TAS Committee Meeting on April 4, 2009 in Seattle, Washington
- Reviewed Upcoming meetings, CLEAR Annual meeting on September 10-12, 2009 in Denver and the ASBOG Fall COE meeting on November 5-7, 2009 in Birmingham, Alabama
- Reviewed ASBOG document regarding review of the ASBOG test questions
- Discussed nomination of Guy Gilbert to Secretary of the ASBOG Executive Board
- Heard report from John Bognar regarding an update on the Joint Task Force on Areas of Practice document. It is now being reviewed by the members of AEG
- Heard the Executive Director's Report regarding finances and a five year projection

August 26, 2009 Board Meeting

- Reviewed the Small Business Regulatory Fairness Board training compliance document to ensure we are thinking about small businesses
- Reviewed the Rule updates report and noted that the wording is very effective. Discussed the timing of the revision of application forms and other documents
- Reviewed the upcoming national meeting of ASBOG Fall Council of Examiners (COE) workshop
- Reviewed an update on the Joint Task Force on Areas of Practice document

Heard the report from the Executive Director regarding:

- Financial Statement dated August 26, 2009
- Holding our November 17, 2009 meeting at Northwest Missouri State University in Maryville, Missouri
- Possible future meeting dates
- Reviewed Oregon Geologist Board's official publication for information only
